

## 2.8kg Light Weight Emergency Escape Breathing Apparatus 2L EEBD With Hood

### Our Product Introduction

for more products please visit us on [multi-gasdetection.com](http://multi-gasdetection.com)

#### Basic Information

- Place of Origin: Nanjing, China
- Brand Name: KelisaIKE
- Certification: CE
- Model Number: KL99-EEBD
- Minimum Order Quantity: 1PC
- Price: USD 100-350/PC
- Packaging Details: Carton, 50\*30\*20cm
- Delivery Time: 15-20 working days
- Stock: 1PC
- Payment Terms: T/T, Western Union, MoneyGram, Paypal

#### Product Specification

- Product Name: Emergency Escape Breathing Device
- Overall Weight: 2.8kg(Air Not Included)
- Material: Carbon Fiber Composites
- Volume Of Cylinder: 2L,3L
- Hydrostatic Pressure(MPa): 45
- Working Pressure: 30MPa
- Service Time: 15-25min
- Max Air Supply Flow:  $\geq 1000 \text{L/min}$
- Highlight: **2L Emergency Escape Breathing Apparatus, 2.8kg Emergency Escape Breathing Apparatus, 2.8kg Escape Respirator**

### Product Description

#### KL99 Emergency Escape Breathing Device ( EEBD )

#### Key Features:

This product has passed the CCS authentication, has the ship inspection certificate. It allows the user to escape from hazardous areas in which fire, smoke, toxic gases, or oxygen deficiency may occur on board. It is a self-contained open circuit Emergency Escape Breathing Device consisting of Air Reducer Valve, Hood, High Pressure Compressed Steel Air Cylinder and Carrying Bag. It is a compact and light weight device and allows the user 15 minutes to escape.

The pressure gauge on the cylinder always shows the pressure inside the cylinder. An exhalation valve is installed on the hood or an overall hood to drain the gas exhaled by the user. Because the pressure of the gas in the shield is greater than that of the ambient atmosphere pressure, the environmental gas cannot enter the protective mask, thus achieving the purpose of respiratory protection. The device is small, can be carried by the personnel and does not affect the normal activities.

It is very easy to operate by opening the unit, donning the hood and then escape, it is fast and easy to don even in darkness.

#### Technical Specification:

Output pressure of Combination valve:	(10±2)bar
Output flux of Combination valve:	(38±2) L/min
Opening pressure of medium safety valve:	13bar~20bar
Alarm pressure:	≤10 bar
Working Duration:	≥15min
Air Cylinder Volume:	3L
Normal Working Pressure:	210Bar
Weight (Full Condition):	6.5KG
Carry Bag Color:	Red

## » About Us

### COMPANY APPEARANCE

#### THE OFFICE MEETING

#### WORKSHOP INSTRUMENT

- Nanjing Kelisaike Safety Equipment Co., Ltd. founded in **2004**, Nanjing Kelisaike has three subsidiaries in Beijing, Xi'an and Xinjiang province, and over **30** domestic sales service centers.
- Standard products include the K60 series portable single gas detectors, K60-IV series multi gas detectors, K800 series fixed gas transmitters, K500 series wall-mounted gas detectors, K1000 series gas detector control panel units, KL99 series air breathing apparatuses, etc.
- Nanjing Kelisaike is also a factory with rich experience in **OEM** service, providing professional design and manufacturing of customized products.

## » Our Exhibition

## » Our Certificates

We have obtained **CE, ISO** and other international certificates for different market requirements.

### >>>Our Service

1. For all our products, we offer a 1 year warranty and life-long maintenance.
2. All inquiries will be replied in 24 hours.
3. We will provide technical support; our engineers will help to solve the problems you met.
4. We can provide OEM and ODM service.
5. Our factory is located in Nanjing city, welcome to visit our factory.
6. All products will be fully checked and well packed before shipment, and qualification certificate will be provided.

### >>>Calibration

For the calibration of KELISAIKE products, please feel free to contact us for help.

### >>>Why choose KELISAIKE?

1. Mutual benefit : We have our own factory. So compared other competitors, the price will be more favorable in the same quality..
2. Professional engineers: We have 3 engineers who have experience more than 10 years and more than 5 engineer assistants works on the gas detection line, with Hi-Tech equipments. We offer more accurate and stable products.
3. Customize : We have strong R&D team that can custom product as your request.
4. Free OEM service : (a) Silk-printing your Logo( $\geq$ 100PCS). (b) Design your color box( $\geq$ 500PCS).
5. Mix order : We accept mix order, different model and small quantity order.
6. After service:(a) 1 Year warranty. (b) If you found any inferior-quality products from us, we will send new ones to replace for free in your next order after confirmed.

### >>>FAQ

#### Q: Are you a manufacturer?

A: Sure. We are the professional safety equipments manufacturer and have the experience of produce and market over 12 years in this field.

#### Q: Are you provide customization?

A: Of course. It includes gas type, gas detection range, gas alarm point etc. Please contact us about the detailed specifications.

#### Q: Could I order one piece sample for the quality test?

A: Sure. We recommend to check the sample before order.

#### Q: If I order big quantity, what's the good price?

A: Please send the details enquiry to us, such as the Item Number, Quantity for each item, Quality request, Logo, Payment Terms, Transport method, Discharge place etc. We will make the accurate quotation to you as soon as possible.
