

Nox Sox Continuous Emission Monitoring System Cabinet Structure For Metallurgical Processes

Our Product Introduction

for more products please visit us on multi-gasdetection.com

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: KELISAIKE
- Model Number: KF300
- Minimum Order Quantity: 1PC
- Price: \$18,000.00 - \$68,000.00/sets
- Packaging Details: carton
- Stock: 1PC
- Supply Ability: 100 Set/Sets per Month Metallurgical industrial process gas analyzer

Product Specification

- Power: Depend On The Instrumnets
- Use: Gas Testing Instruments
- Application: Metallurgical Industrial Process Gas Analysis
- Structure: Slightly Positive Pressure Dustproof Cabinet Structure
- Port: Nanjing
- Highlight: Nox Continuous Emission Monitoring System, Sox Continuous Emission Monitoring System, Cabinet Structure Emission Monitoring System

Product Description

online analysis system Flue Gas Analyzer, Nox, Sox, Co₂, Co, O₂

Steel and other metals smelting will produce large amounts of gas, analytical measurement of these gases, has a very important role for refineries' production optimization, energy gas recovery, energy conservation, environmental protection and security control.

KF300 series online analysis system, **can avoid background gas cross interference, excluding the impact of dust and window contamination, fast response**, have a great performance in **metallurgical industrial process gas analysis**.

It adopts a **slightly positive pressure dustproof cabinet structure**, system consists of sampling unit, pretreatment unit, analysis unit, calibration unit, PLC interlock control central unit. It is the more comprehensive dust-proof analysis system.

>>>Technical Specifications

Application	Sampling location and analysis of components	Range	Instrument Selection
Pulverized coal injection	pulverized coal bag outlet	O ₂ 0-10%	KF300-11
	coal mill entrance	CO 0-3000ppm	KF300-61
		O ₂ 0-10%	KF300-11
	coal warehouse	CO 0-3000ppm	KF300-61
Converter gas	BOF heat terminal	CO 0-80%	KF300-61
		O ₂ 0-2%	KF300-11
	BOF cold terminal	CO 0-80%	KF300-61
		O ₂ 0-2%	KF300-11
	Front of gas tank	O ₂ 0-2%	KF300-11
		O ₂ 0-2%	KF300-11
	Back of gas tank	O ₂ 0-2%	KF300-11
		O ₂ 0-2%	KF300-11
Blast furnace gas	Crude coal gas/Clear coal gas	CO 0-2%	KF300-11
		CO ₂ 0-2%	KF300-11
		CH ₄ 0-2%	KF300-11
		O ₂ 0-25%	KF300-61

Mixed coal gas	Stove exhaust gas Homoeothermy(Calorific value analysis)	CO	0-3000ppm	KF300-11
		O2	0-40%	KF300-61
		H2	0-10%	KF300-11
		CH2	0-10%	KF300-61

Our Services

>>>Why choose KELISAIKE?

1. Mutual benefit : We are a factory, our price will be cheaper in the same quality.
2. Professional engineers: We have 3 engineers who have more than 10 years' experience and over 5 engineer assistants in gas detection line, with Hi-Tech equipments, we make more accurate and stable products.
3. Customize : We have strong R&D team, can custom product as your request.
4. Free OEM service : (a) Silk-printing your Logo(≥100PCS). (b) Design your color box(≥500PCS).
5. Mix order : We accept mix order, different model and small quantity order.
6. After service:(a) 1 Year warranty. (b) If you found any inferior-quality products from us, we will send new ones to replace for free in your next order after confirmed.

Company Information

Nanjing KELISAIKE company is one of the largest safety equipment manufactures, possessing the most complete production range and specifications in the safety equipment industry of mainland China. Nanjing KELISAIKE was founded in 2004, including three subsidiaries in Beijing, Xi'an and Xinjiang, and more than 30 domestic sales service centers, with total registered capital of 5.16 million Yuan.

We are the leader enterprise of the science and technology, persisting in creating core competencies by the core technology. In the company, there is one professional and technical talent team who masters core technology, including more than 10 senior technicians and masters.

Standard products and services cover the portable gas detector, fixed gas transmitter, wall-mounted gas detector, gas detector control unit, air

breathing apparatus etc. Also Nanjing KELISAIKE is an experienced factory for OEM service, providing professional design and construction of the customize products. The products are widely used in fields of petroleum, chemical, gas transmission and distribution, warehousing, municipal gas, fire fighting, environmental protection, metallurgy, pharmacy, energy and power industry.

FAQ

Q: Are you a manufacturer?

A: Yes, we are the professional safety equipments manufacturer, we have over 12 years produce and market experience in this field.

Q: Are you provide customization?

A: Yes, including gas type, gas detecting range, gas alarm point etc. please contact us about the detailed specifications.

Q: Can I order one piece for sample to test the quality?

A: Yes, We recommend to check the sample before order.

Q: If I order big quantity, what's the good price?

A: Please send the details enquiry to us, such as the Item Number, Quantity for each item, Quality request, Logo, Payment Terms, Transport method, Discharge place etc. We will make the accurate quotation to you as soon as possible.
