

## Long Lasting Full Face Powered Respirator 4 Hours With Li Ion Battery

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: KELISAIKE, KELISAIKE
- Model Number: KL99-PAPR
- Minimum Order Quantity: 1PC
- Price: \$270.00/sets 1-9 sets
- Packaging Details:
  1. PAPR Portable Powered Air Purifying Respirator
  2. One safety carton box
  3. One box in carton, carton size: 60\*45\*20cm
- Stock: 1PC

#### Product Specification

- Function: Air Breathing Apparatus PAPR
- Battery: 12V/3400mAh Chargeable Li-ion Battery
- Charging Cycle Times: 200 Times
- Working Hours At Full Power: >4 Hours
- Air Output Gear: 145L/min
- Acoustic Sound Level: <50dB
- Weight: <850g
- Alarm: Automatic Detection And Warning Of Low Voltage
- Highlight: Long Lasting Full Face Powered Respirator, 4 Hours Full Face Powered Respirator, Li Ion Battery Papr Air Purifier

### Product Description

## New PAPRs Protective Powered Air Purifying Respirating PAPRs

#### Product Application

The KL99-PAPR is a battery-powered fan that together with a filter and an approved head top, is included in the fan-assisted respiratory protective device systems. This applies particularly to work that is hard, warm or of long duration. The human interface may consist of a hood, face shield, half mask or full face mask. The fan is equipped with a filter, and the filtered air is fed through a hose to the human interface. The pressure then generated prevents surrounding pollutants from penetrating into the mask. Power blower unit provides filtered air for the widest range of industrial applications as diverse as industrial welding, agriculture and waste disposal.

#### Instruction

- **Starting up**

Long press the power button 3s to boot, enter the low-end working state

- **Power off**

Press the power button for 3 consecutive times to turn off, stop working, and all indicator lights are off

- **Indicator light**

There are 4 indicator lights in total, 3 of which are white and green indicating the power level

- **Electric quantity**

When the battery is fully charged, the three-digit indicator light (white) is fully illuminated, and the indicator lights are extinguished one by one as the usage time increases. When the remaining 1 white light flashes, please pay attention to charging.

- **Battery charging**

When charging, the first white light flashes, the first grid is long after 1 grid is filled, the second grid white light is flashing, and so on, and finally the three grid white lights are on, indicating that the battery is fully charged.

### Optional Communication Mask System

This product is used as an auxiliary part of communication with the mask. This product has a unique design, which can effectively amplify the voice of the person wearing the mask, keep the communication smooth, and ensure the clear and sonorous sound quality. At the same time, it can also be used in conjunction with the intelligent digital electronic pressure gauge to display the information of the remaining amount of gas in the cylinder. The overall design of the product is exquisite, and the mask is easy to install and operate.

## Technical Parameter

Battery	12V/3400mAh chargeable Li-ion Battery
Working hours at full power	>4 hours
Charging Cycle Times	>200 times
Charging Cycle Times	>200 times
Air output gear	145L/min
Acoustic sound level	<50dB
Size	185(length) x 162(width) x 101(height)
Weight	<850g
Filter	With three replaceable filters
Green LED power indicator	
Fast lock and unlock structure	
Automatic detection and warning of low voltage	
Normal use after 7J energy shock	
Heat-resistant and cold-resistant	
It can be normally used after being stored under the concentration of 5000ppm hydrogen tetroxide steam for five hours

## FAQ

**Q1: Are you a trading company or manufacturer ?**

**A1: We are manufacturer.**

**Q2: What about the payment method?**

**A2: T/T, Paypal, Western Union, L/C is available**

**Q3: Does your company accept customization?**

**A3: We do customizing service for customers.**

**Q4: What about the Shipment?**

**A4: We'll choose proper transportation mode based on the weight of goods, usually arrange shipment by air express such as DHL,FEDEX,TNT or UPS.**

**Q5: What about after-sale service?**

**A5: 12 months warranty for all kinds of products.**
