

2L 15min Portable Air Tank Emergency Escape Breathing Device

Our Product Introduction

for more products please visit us on multi-gasdetection.com

Basic Information

- Minimum Order Quantity: 1 Set (MOQ)
- Price: US\$170.00-390.00
- Shipping Method: LCL, AIR, FCL, Express
- Payment Terms: T/T, Western Union, MoneyGram, Paypal

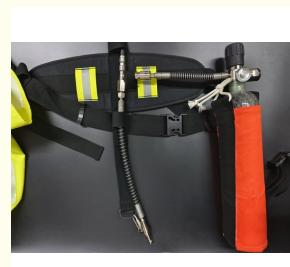

Product Specification

- Model NO.: KL99-EEBD
- Carry: Portable, Can Be Carried By Shoulders
- Volume Of Cylinder: 2L, 3L
- Service Time: 2L For 15 Mins, 3L For 20 Mins
- Specification: 76.5*28.5*52
- Weight: 3.0 Kgs For 2L, 3.8kgs For 3L
- Hydrostatic Pressure: 45 MPa
- Exhalation Pressure: Less Than 687 MPa
- Alarm Pressure: 4-6 MPa
- Max Flow: 300 L/Min
- Trademark: KELISAIKE
- HS Code: 9020000000
- Highlight: 15min Emergency Escape Breathing Device, Portable Emergency Escape Breathing Device, 2L Emergency Escape Breathing Device

Product Description

2L 15min Portable Air Tank Emergency Escape Breathing Device

Communication Mask (Optional)

- It has sleep function, with voice activation, which can save power.
- The directional loudspeaker ensures the loudest sound is directed to the user;
- It is compatible with various brands interphones, covering almost all wireless digital or analogue interphones;
- It is water proof, explosion proof, temperature resistant and acid and alkali resistant.

2 L/3 L Carbon Fiber Cylinder

- 2 L/3 L carbon fiber wrapped composite cylinder.
- The inner tank is made of high strength, anti-corrosion treated, lightweight aluminum alloy. The nominal working pressure is 30 MPa, the pressure for water pressure test is 50 MPa, and the burst pressure is 102 MPa. The cylinder has the safety performance inspection certificate.

Cylinder Valve

- It is made of transparent shatterproof glass, and the pressure meter is oil free;
- The pressure meter is embedded in the cylinder valve. It displays the real-time pressure in the cylinder no matter whether the cylinder valve is open or closed, which can help the user to know the remaining amount of air.

Emergency Escape Bag

- Made of flame resistant material, the structure makes it easy for taking out the mask and checking the pressure meter.
- It is used for storing and carrying the pull-pin type EEBD. The zipper of the bag is connected with the pressure reducer; when unzipping, the pull-pin type EEBD will be open.

The EEBD are designed and manufactured according to the International Fire-Fighting Safety System Rules which as passed by the MSC.98 (73) Resolution of the International Maritime Organization (IMO) and became a compulsory and obligatory requirement on 1 of July, 2002.

>>>Key Feature:

- 1)Light and convenient for operation
- 2)Demand type could be reused
- 3)Y-type design;cylinder valve with gauge;normal pressure indication
- 4)Prevent accident from occurring during emergency escape and keep sufficient air supply
- 5)Carbon fiber air cylinder;working pressure: 30MPa; 2L/3L-air cylinder is optional
- 6)PG-S pressure gauge can make the storage volume in the bottle read clearly under a complex and dark environment
- 7)It can be carried by shoulders, which can make the hands perform other protection operation for escape
- 8)Not affected by dense smoke and external severe environment
- 9)The service time is 15~25mins,which can make relevant personnel quickly evacuate from the dangerous environment
- 10)Safe and reliable;it is a kind of important escape unit used in dangerous environment.

>>>Technical Specification:

Capacity	2L	3L
Cylinder material	Carbon fiber composites	
Gas	Compressed air	
Working pressure	≤30Mpa	
Inhalation resistance(Pa)	≤500Pa	
Exhalation resistance(Pa)	≤1000Pa	
Alarm pressure(MPa)	5.5±0.5Mpa	
Max.air supply flow	≥1000L,min	
Certificate	CE	
Serve time(30L/min)	15min	20min
Overall weight(kg)	3.0KGS	3.8KGS

INSTRUMENT

- ◆ Nanjing Kelisaike Safety Equipment Co., Ltd. founded in 2004, Nanjing Kelisaike has three subsidiaries in Beijing, Xi'an and Xinjiang province, and over 30 domestic sales service centers.
- ◆ Standard products include the K60 series portable single gas detectors, K60-IV series multi gas detectors, K800 series fixed gas transmitters, K500 series wall-mounted gas detectors, K1000 series gas detector control panel units, KL99 series air breathing apparatuses, etc.
- ◆ Nanjing Kelisaike is also a factory with rich experience in OEM service, providing professional design and manufacturing of customized products.

THE WORKSHOP

Nanjing KELISAIKE has passed ISO9001 International Quality System Certification, which ensures all products' excellent performance and competitive prices.

>>>Our Exhibition:

>>> Our Services

1. For all our customers, our products have 1 year warranty, and life-long maintenance.
2. All inquiries will be replied in 24 hours.
3. Providing technical support, professional engineers are specialized in dealing with gas monitoring problems you met.
4. OEM and ODM service are welcome.
5. KELISAIKE plant is located in Nanjing, only 1 hour by high speedtrain from Shanghai. Welcome to visit the factory.
6. All products are well tested and packed before shipment; the certificate of inspection will be provided.

>>> FAQ

Q: Are you provide customization?

A: Of course. It includes gas type, gas detection range, gas alarm point etc. Please contact us about the detailed specifications.

Q: Could I order one piece sample for the quality test? And do you charge for the samples?

A: Sure. We recommend to check the sample before order.
According to our company policy, we just charge the samples based on EXW price.

Q: If I order big quantity, what's the good price?

A: Please send the details enquiry to us, such as the Item Number, Quantity for each item, Quality request, Logo, Payment Terms, Transport method, Discharge place etc. We will make the accurate quotation to you as soon as possible.

Q: How about the Delivery time?

A: Samples will be prepared within 15 Days after 100% T/T in advance payment. QTY order will be delivered in

30 days.

Q: May I have your catalogue and price list for trial order in MOQ quantity?

A: All our products were shown on Made in China, please have a detailed looking and choose the interested models in our site. Or you can send email to us.
