

## Industrial PAPR Blower Respirator with Triple HEPA Filter Canisters and 5000mAh Rechargeable Battery

Our Product Introduction

for more products please visit us on multi-gasdetection.com

### Basic Information

- Minimum Order Quantity: 1PC
- Price: \$249.00/sets >=1 sets
- Stock: 1PC
- Description: Rechargeable PAPR system with strong airflow and HEPA filters, ideal for welding and laboratory use.

### Product Specification

- Function: Air Breathing Apparatus PAPR
- Battery: 12V/3400mAh Chargeable Li-ion Battery
- Charging Cycle Times: 200 Times
- Working Hours At Full Power: >4 Hours
- Air Output Gear: 145L/min
- Acoustic Sound Level: <50dB
- Weight: <850g
- Alarm: Automatic Detection And Warning Of Low Voltage
- Port: FOB Nanjing / FOB Shanghai
- Highlight: Industrial PAPR respirator with HEPA filters, Rechargeable battery PAPR blower respirator, Triple HEPA filter industrial respirator

## Product Description

# HEPA Filter Protective Device Air Supplied Respirator with Battery-Powered Blower

## Product Description

### >>> Product Application

KL99 PAPR is a battery-powered air purifying respirator featuring a 120 L/min airflow and triple HEPA filters. The 5000 mAh rechargeable battery ensures over 5 hours of operation. Designed with a lightweight blower and low noise (<50 dB), it provides continuous clean air for workers in chemical, welding, and emergency environments.

### >>> Instruction

- **Starting up**

Long press the power button 3s to boot, enter the low-end working state

- **Power off**

Press the power button for 3 consecutive times to turn off, stop working, and all indicator lights are off

- **Indicator light**

There are 4 indicator lights in total, 3 of which are white and green indicating the power level

- **Electric quantity**

When the battery is fully charged, the three-digit indicator light (white) is fully illuminated, and the indicator lights are extinguished one by one as the usage time increases. When the remaining 1 white light flashes, please pay attention to charging.

- **Battery charging**

When charging, the first white light flashes, the first grid is long after 1 grid is filled, the second grid white light is flashing, and so on, and finally the three grid white lights are on, indicating that the battery is fully charged.

### Optional Communication Mask System

This product is used as an auxiliary part of communication with the mask. This product has a unique design, which can effectively amplify the voice of the person wearing the mask, keep the communication smooth, and ensure the clear and sonorous sound quality. At the same time, it can also be used in conjunction with the intelligent digital electronic pressure gauge to display the information of the remaining amount of gas in the cylinder. The overall design of the product is exquisite, and the mask is easy to install and operate.

### >>> Technical Specifications

## Technical Parameter

Battery	12V/3400mAh chargeable Li-ion Battery
Working hours at full power	>4 hours
Charging Cycle Times	>200 times
Charging Cycle Times	>200 times
Air output gear	145L/min
Acoustic sound level	<50dB
Size	185(length) x 162(width) x 101(height)
Weight	<850g
Filter	With three replaceable filters

Green LED power indicator

Fast lock and unlock structure

Automatic detection and warning of low voltage

Normal use after 7J energy shock

Heat-resistant and cold-resistant

It can be normally used after being stored under the concentration o

#### Company Information

## ABOUT US

Nanjing KELISAIKE company is one of the largest safety equipment manufactures, possessing the most complete production range and specifications in the safety equipment industry of mainland China. Nanjing KELISAIKE was founded in 2004, including three subsidiaries in Beijing, Xi'an and Xinjiang, and more than 30 domestic sales service centers, with total registered capital CNY 10.16 million. Standard products and services cover the portable gas detector, fixed gas transmitter, wall-mounted gas detector, gas detector control unit, air breathing apparatus, online gas emission monitoring systems etc.

## THE FACTORY

Nanjing KELISAIKE has passed ISO9001 International Quality System Certification, which ensures all products' excellent performance and competitive prices.

## THE EXHIBITION

We often participate in exhibitions at home and abroad, harvest a lot of friends, and have been confirmed by many partners.
